ELIGIBILITY

Enrolling for Coverage

Prior to receiving this Benefit Book, you enrolled, and were accepted or approved by your Group for individual coverage or family coverage. For either coverage, you may have completed an Enrollment Form. There may be occasions when the information on the Enrollment Form is not enough. The Group will then request the additional data needed to determine whether your dependents are Eligible Dependents. Coverage will not begin until your enrollment has been approved and you have been given an effective date.

Under individual coverage, only the Card Holder is covered. Under family coverage, the Card Holder and the Eligible Dependents who have been enrolled are covered.

Eligible Employees

An Eligible Employee is:

An employee of the Group who meets the eligibility requirements of the Group including working the required number of hours that the Group requires for eligibility. Any applicable waiting period must be satisfied, but will not exceed 90 days.

No person who is eligible to enroll will be denied enrollment based upon health status, health care needs, genetic information, previous medical information, disability or age.

Eligible Dependents

An Eligible Dependent is:

- the Card Holder's spouse, provided you are not legally separated;
- the Card Holder's or spouse's:
  - natural children;
  - stepchildren, provided the natural parent remains married to the Card Holder and resides in the household;
  - children placed for adoption and legally adopted children;
  - children for whom either the Card Holder or Card Holder's spouse is the Legal Guardian or Custodian; or
  - any children who, by court order, must be provided health care coverage by the Card Holder or Card Holder's spouse.

To be considered Eligible Dependents, children's ages must fall within the age limit specified in the Schedule of Benefits.

Eligibility will continue past the age limit for Eligible Dependents who are unmarried and primarily dependent upon the Card Holder for support due to a physical handicap or intellectual disability which renders them unable to support themselves. This incapacity must have started before the age limit was reached and must be medically certified by a Physician. You must notify your Group of the Eligible Dependent's desire to continue coverage within 31 days of reaching the limiting age. After a two-year period following the date the Eligible Dependent meets the age limit, the Plan may annually require further proof that the dependence and incapacity continue.

Qualified Medical Child Support Order

In general, a Qualified Medical Child Support Order (QMCSO) is a court order that requires a Card Holder to provide medical coverage for his or her children (called alternate recipients) in situations involving divorce, legal separation or paternity dispute. A QMCSO may not require the Plan to provide any type or form of benefit, or any option not otherwise provided under the Plan, except as otherwise required by law. This Plan provides benefits according to the requirements of any QMCSO as defined by ERISA section 609(a). The Group will promptly notify affected Card Holders and alternate recipients if a QMCSO is received. The Group will notify these individuals of its procedures for determining whether medical child support orders are qualified; within a reasonable time after receipt of such order, the Group will determine whether the order is qualified and notify each affected Card Holder and alternate recipient of its determination. A copy of the Group's QMCSO procedures is also available upon request from the Group, without charge.

Once the dependent child is enrolled as an alternate recipient under a QMCSO, the child's appointed guardian will receive a copy of all pertinent information provided to the Card Holder. In addition, should the Card Holder lose eligibility status,

the guardian will receive the necessary information regarding the dependent child's r

k. The employee or dependent is determined to be eligible for premium assistance in the Group's plan under a Medicaid or CHIP plan

3. If you or your Eligible Dependent has COBRA coverage, the coverage must be exhausted in order to trigger a special enrollment right. Generally, this means the entire 18, 29 or 36-month COBRA period must be completed in order to trigger a special enrollment for loss of other coverage.
4. Enrollment must be supported by written documentation of the termination of the other coverage with the effective date of said termination stated therein. With the exception of items "j" (termination of Medicaid or CHIP coverage) and "k" (eligibility for premium assistance) above, notice of intent to enroll must be provided to Medical Mutual by the Group no later than thirty-one (31) days following the triggering event with coverage to become effective on the date the other coverage terminated. For items "j" and "k" above, notice of intent to enroll must be provided to Medical Mutual by the Group within sixty (60) days following the triggering event, with coverage to become effective on the date of the qualifying event.

If you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you ma

Inpatient admissions to a Hospital Provider or Residential Treatment Facility must be preauthorized. The telephone number for preauthorization is listed on the back of your identification card. Contracting Providers in Ohio will assure this preauthorization is done; and since the Provider is responsible for obtaining the preauthorization, there is no penalty to you if this is not done. For Non-Contracting Providers or Providers outside of Ohio, you are responsible for obtaining preauthorization. If you do not preauthorize these admissions and it is later determined that the admission was not Medically Necessary or not covered for any reason, you will be responsible for all Billed Charges.

If the clinical trial is not available from a PPO Network Provider, the Covered Person may participate in an Approved Clinical Trial administered by a Non-Contracting Provider. However, the Routine Patient Costs will be covered at the Non-Contracting Amount, and the Covered Person may be subject to balance billing up to the Provider's Billed Charges for the services.

"Approved Clinical Trial" means a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or Condition and is described in any of the following:

No benefits are payable for the following:

- A health care service, item, or drug provided solely to satisfy data collection and analysis needs and that is not used in the direct clinical management of the patient;
- An Experimental or Investigational drug or device that has not been approved for market by the United States Food and Drug Administration;

Dental Services for an Accidental Injury

Dental services will only be covered for initial injuries sustained in an accident. The accidental injury must have caused damage to the jaws, sound natural teeth, mouth or face. Injury as a result of chewing or biting shall not be considered an accidental injury.

The above exclusion for injuries as a result of biting or chewing shall not apply if such injury was the result of domestic violence or if an underlying medical Condition caused the biting or chewing-related injuries. For example, a Covered Person with epilepsy involuntarily clamps down on his teeth and breaks one during a seizure.

The underlying Illness must cause the chewing or biting accident that results in injury to the jaws, sound natural teeth, mouth or face. If a Covered Person has an underlying Illness that causes the teeth to be more susceptible to injury, dental services related to such injury will not be covered as an injury sustained in an accident.

Coverage may be provided for dental implants only when due to trauma, accidents or as deemed Medically Necessary by Medical Mutual.

Coverage for the Inpatient postpartum stay for the mother and the newborn child in a Hospital will be, at a minimum, 48 hours for a vaginal delivery and 96 hours for a caesarean section. It will be for the length of stay recommended by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists in their Guidelines for Perinatal Care. Please note that neither you nor your Provider is required to obtain prior approval of an Inpatient maternity stay that falls within these time frames.

Physician-directed, follow-up care services are covered after discharge including:

- parent education;
- physical assessments of the mother and newborn;
- assessment of the home support system;
- assistance and training in breast or bottle feeding;

If requested by the mother, coverage for a length of stay shorter than the minimum period mentioned above may be permitted if the attending Physician or the nurse midwife in applicable cases, determines further Inpatient postpartum care is not necessary for the mother or newborn child, provided the following are met:

- In the opinion of your attending Physician, the newborn child meets the criteria for medical stability in the Guidelines for Perinatal Care prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists that determine the appropriate length of stay based upon the evaluation of:

  - the demonstrated ability of the mother to care for the infant after discharge; and
  - the availability of postdischarge follow up to verify the condition of the infant after discharge.

When a decision is made to discharge a mother or newborn prior to the expiration of the applicable number of hours of Inpatient care required to be covered, at home post delivery follow up care visits are covered for you at your residence by a Physician or nurse when performed no later than 72 hours following you and your newborn child's discharge from the Hospital. Coverage for this visit includes, but is not limited to:

- physical assessments;
- assessment of the home support system;
- assistance and training in breast or bottle feeding; and
- performance of any maternal or neonatal tests routinely performed during the usual course of Inpatient care for the mother or newborn child, including the collection of an adequate sample for the hereditary and metabolic newborn screening.

At the mother's discretion, this visit may occur at the facility of the Provider.

Surrogacy: the Plan will cover Maternity Services as described in this Benefit Book for you if you are acting as a surrogate. However, to the extent that you receive any compensation or payment from any third party, even if the compensation or payment is designated for services other than medical expenses, Medical Mutual has a right to subrogate against that compensation to the extent that it pays maternity claims under this Benefit Book. You are obligated to notify Medical Mutual of any compensation or payment you receive as a result of acting as a surrogate and the benefits payable hereunder are contingent on your cooperation according to this provision. No coverage will be provided for maternity services Incurred by a person not covered under this Benefit Book who is acting as a surrogate for you or any Dependent.

Inpatient Consultation - A bedside examination by another Physician or Other Professional Provider is covered when requested by your attending Physician.

If the consulting Physician takes charge of your care, consultation services are not covered. When this occurs, the consulting Physician is considered to be the new attending Physician. Coverage is not provided for both the new attending Physician and the Physician who was initially treating you for services rendered at the same time.

Staff consultations required by Hospital rules are not covered.

Inpatient Medical Care Visits - The examinations given to you by your Physician or Other Professional Provider while you are in the Hospital are Covered Services. Benefits are provided for one visit each day you are an Inpatient.

If your Group changes your health care benefits, causing an increase or decrease in your Inpatient Medical Care Visits allowed, the number of Inpatient Medical Care Visits already used will be deducted from the number of visits available under your new coverage.

Intensive Medical Care - Constant medical attendance and treatment is covered when your Condition requires it.

Items usually stocked in the home for general use are not covered. These include, but are not limited to:

- **thermometers;**
- **corn and bunion pads; and**
- **Jobst stockings and support/compression stockings.**

Durable Medical Equipment (DME) - Equipment which serves only a medical purpose and must be able to withstand repeated use is covered. Upon request, your Physician must provide a written treatment plan that shows how the prescribed equipment is Medically Necessary for the diagnosis or treatment of a Condition or how it will improve the function of a malfunctioning body part. If you need to use this equipment for more than six months, your Physician may be required to recertify that continued use is Medically Necessary.

You may rent or purchase DME; however, for each Condition, the Plan will not cover more in total rental costs than the customary purchase price as determined by Medical Mutual. For example, if you submit claims for the monthly rental fee and by the third month the total in rental dollars meets or exceeds the customary purchase price, you will have exhausted your benefit for that piece of Durable Medical Equipment.

When it has been determined that you require DME, before you decide whether to rent or purchase, estimate what the

- In addition, as provided in Medical Mutual's medical policy guidelines, certain behavioral assessment and intervention services for individual, family and group psychotherapy will also be covered for a medical Condition.

Services for intellectual disability, other than those necessary to evaluate or diagnose these Conditions, are not covered. Services for the treatment of attention deficit disorder are covered.

Inpatient admissions to a Hospital Provider or Residential Treatment Facility Provider must be preauthorized. The telephone number for preauthorization is listed on the back of your identification card. Contracting Providers in Ohio will assure this preauthorization is done; and since the Provider is responsible for obtaining the preauthorization, there is no penalty to you if this is not done. For Non-Contracting Providers or Providers outside of Ohio

Organ Transplant Preauthorization - In order for an organ transplant to be a Covered Service, the proposed course of treatment and the Inpatient stay for the organ transplant must both be preauthorized by Medical Mutual.

PPO Network Providers within the SuperMed Network and Contracting Hospitals in Ohio are responsible for obtaining preauthorization of the proposed course of treatment and the Inpatient stay.

If the Covered Person utilizes a Provider who is not a SuperMed Provider or utilizes a Hospital outside Ohio or that is a Non-Contracting Hospital, the Covered Person is responsible for obtaining preauthorization for both the proposed course of treatment and the Inpatient stay If the organ transplant is not preauthorized and is determined to not be Medically Necessary, the Covered Person may be responsible for all Billed Charges for that organ transplant.

In addition, if the organ transplant is not preauthorized and is determined to be Experimental/Investigational, the Covered Person may be responsible for all Billed Charges for that organ transplant.

After your Physician has examined you, he must provide Medical Mutual with:

- the proposed course of treatment for the transplant;
- the name and location of the proposed Transplant Center; and
- copies of your medical records, including diagnostic reports for Medical Mutual to determine the suitability and Medical Necessity of the transplant services. This determination will be made in accordance with uniform medical criteria that has been specifically tailored to each organ. You may also be required to undergo an examination by a Physician chosen by Medical Mutual. You and your Physician will then be notified of Medical Mutual's decision.

Obtaining Donor Organs - The following services will be Covered Services when they are necessary in order to acquire a legally obtained human organ:

- evaluation of the organ;
- removal of the organ from the donor; and
- transportation of the organ to the Transplant Center.

Donor Benefits - Benefits necessary for obtaining an organ from a living donor or cadaver are provided. Donor benefits are provided and processed under the transplant recipient's coverage only and are subject to any applicable limitations and exclusions. Donor benefits include treatment of immediate post operative complications if Medically Necessary as determined by Medical Mutual. Such coverage is available only so long as the recipient's coverage is in effect.

The Plan does not provide organ transplant benefits for services, supplies or Charges:

- **that are not furnished through a course of treatment which has been approved by Medical Mutual;**
- **for other than a legally obtained organ;**
- **for travel time and the travel-related expenses of a Provider;**
- **that are related to other than human organ.**

GENERAL PROVISIONS

How to Apply for Benefits

Notice of Claim; Claim Forms

A claim must be filed for you to receive benefits. Many Providers will submit a claim for you; if you submit it yourself, you should use a claim form. In most cases, you can obtain a claim form from your Group or Provider. If your Provider does not have a claim form, Medical Mutual will send you one. Call or notify Medical Mutual, in writing, within 20 days after receiving your first Covered Service, and Medical Mutual will send you a form or you may print a claim form by going to www.medmutual.com/member.

If you fail to receive a claim form within 15 days after you notify Medical Mutual, you may send Medical Mutual your bill or a wr

Non-Contracting Providers

If you choose to obtain services from a Non-Contracting Provider, your out-of-pocket expenses will likely be significantly higher than what you would pay by choosing a PPO Network Provider. Copayments, Deductibles and Coinsurance are usually higher when utilizing a Non-Contracting Provider, as shown on the Schedules of Benefits. Also, Medical Mutual calculates its payments to Non-Contracting Providers based upon the Non-Contracting Amount. This means that in addition to your increased out-of-pocket expenses described above, you may also be responsible for Excess Charges, up to the amount of the Provider's Billed Charges. This is sometimes referred to as "balance billing." Excess Charges billed by Non-Contracting Providers DO NOT apply to the Out-of-Pocket Maximum.

If you obtain Cov

Only the amount of the Deductible required per Covered Person will be required for Covered Services that result directly from an accident during the Benefit Period in which the accident occurred if two or more Covered Persons in a Card Holder's family are injured in the same accident, and each of the following conditions are met:

- at least two of these Covered Persons receive Covered Services; and
- the Covered Services are Incurred within 90 days after the accident; and
- the combined Allowed Amount for Covered Services for all Covered Persons involved in the accident is at least equal to one Covered Person's Deductible.

You will not be required to pay two Deductibles if two family members are involved in the same accident and the above criteria is met.

Coinsurance

After you meet any applicable Deductible, you may be responsible for Coinsurance amounts as specified in your Schedule of Benefits, subject to any limitations set forth in the Schedule of Benefits. The amount of Coinsurance you have to pay may vary depending upon the status of your Provider.

Copayments

For some Covered Services, you may be responsible for paying a Copayment at the time services are rendered. These Copayments are your responsibility, and they are not reimbursed by the Plan. Please refer to your Schedule of Benefits for specific Copayment amounts that may apply and whether a Deductible or Coinsurance will also apply.

Schedule of Benefits

The Deductible(s) and Coinsurance Limit(s) and Out-of-Pocket Maximums that may apply will renew each Benefit Period. Some of the benefits offered in this Benefit Book have maximums.

The Schedule of Benefits shows your financial responsibility for Covered Services. The Plan covers the remaining liability for Covered Charges after you have paid the amounts indicated in the Schedule of Benefits, subject to benefit maximums and Medical Mutual's Negotiated Amounts.

Provider Status and Direction of Payment

Medical Mutual has agreed to make payment directly to PPO Network and Contracting Providers for Covered Services.

Some of Medical Mutual's contracts with Providers, including Institutional Providers, allow discounts, allowances, incentives, adjustments and settlements. These amounts are for the sole benefit of Medical Mutual and/or the Group, and Medical Mutual and/or the Group will retain any payments resulting therefrom; however, the Deductibles, Copa

Prior Approval of Non-PPO Network Benefits

In some cases, Medical Mutual may determine that certain Covered Services can only be provided by a Non-PPO Network Provider. If Covered Services provided by a Non-PPO Network Provider are approved in advance by Medical Mutual, benefits will be provided as if the Covered Services were provided by a PPO Network Provider. However, that Provider may not accept our Allowed Amount as payment in full, and you may have to pay the Excess Charges.

To obtain prior approval of treatment by a Non-PPO Network Provider, your Physician must provide Medical Mutual with:

- the proposed treatment plan for the Covered Services;
- the name and location of the proposed Non-PPO Network Provider;
- copies of your medical records, including diagnostic reports; and
- an explanation of why the Covered Services cannot be provided by a PPO Network Provider.

Medical Mutual will determine whether the Covered Services can be provided by a PPO Network Provider and that determination will be final and conclusive, subject to any available appeals process. Medical Mutual may elect to have you examined by a Physician of its choice and will pay for any required physical examinations. You and your Physician will be notified if Covered Services provided by a Non-PPO Network Provider will be covered as if they had been provided by a PPO Network Provider.

If you do not receive written approval in advance of receiving Covered Services, benefits will be provided as described in the Schedule of Benefits for Covered Services received from a Non-PPO Networ

Explanation of Benefits

After Medical Mutual processes your claim, an Explanation of Benefits (EOB) is provided to you electronically or by mail. It lists Covered Services and non-covered services along with explanations for why services are not covered. It contains important amounts and a telephone number if you have any questions.

Time of Payment of Claims

Benefits will be provided under this Benefit Book within 30 days after receipt of a completed claim. If supporting documentation is required, then pa

Benefit Determination for Claims

Claims Involving Urgent Care

A **Claim Involving Urgent Care** is a claim for Medical Care or treatment with respect to which the application of the timeframes for making non-Urgent Care determinations (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or (b) in the opinion of a Physician with knowledge of the claimant's medical Condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Determination of ***urgent*** can be made by an individual acting on behalf of the plan applying the judgment of a prudent lay person who possesses an average knowledge of medicine; however, any Physician with knowledge of the claimant's medical Condition can determine that a claim involves Urgent Care.

If you file a Claim Involving Urgent Care in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination, whether adverse or not, as soon as possible but not later than 72 hours after Medical Mutual's receipt of the claim.

If you do not follow Medical Mutual's procedures or we do not receive sufficient information necessary to make a benefit determination, Medical Mutual will notify you within 24 hours of receipt of the Claim Involving Urgent Care and explain the applicable procedural deficiencies, or the specific deficiencies related to information necessary to make a benefit determination. You will have 48 hours to correct the procedural deficiencies and/or provide the requested information. Once Medical Mutual receives the requested information, we will notify you of the benefit determination, whether adverse or not, as soon as possible, taking into account all medical exigencies, but not later than 48 hours after receipt of the information.

Medical Mutual may notify you of its benefit determination decision orally and follow with written or electronic notification not later than three (3) days after the oral notification.

Concurrent Care Claims

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, any reduction or termination by Medical Mutual of such course of treatment before the end of such period of time or number of treatments shall constitute an adverse benefit determination (unless the reduction or termination of benefits is due to a health plan amendment or health plan termination).

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, an

If you file a Post-Service Claim in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination within a reasonable period of time, but not later than 30 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 30 day response period and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

Adverse Benefit Determination Notices

You will receive notice of a benefit determination, orally as allowed, or in writing. All notices of an adverse benefit determination will be made in a culturally and linguistically appropriate manner and will include the following:

- the specific reason(s) for the adverse benefit determination;
- reference to the specific plan provision(s) on which the adverse benefit determination is based;
- sufficient information to identify the claim or health care service involved, including the date of services, the health care provider, and the claim amount, if applicable;
- a description of any additional material or information necessary to process the claim and an explanation of why such information is necessary;
- a description of Medical Mutual's appeal procedures and applicable timeframes, including the expedited appeal process, if applicable;
- notice of the availability, upon request, of the diagnosis code and treatment code and their corresponding meanings, if applicable;
- notice of the availability of, and contact information for, an applicable office of consumer assistance established under the Public Health Service Act section 2793, if one is available;
- a statement of your right to bring a civil action under federal law following an adverse benefit determination on review, if your Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA);
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the adverse benefit determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request; and
- if the adverse benefit determination was based on Medical Necessity, Experimental treatment or a similar exclusion or limit, then an explanation of the scientific or clinical judgment used for the determination applying the terms of the plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request.

Please note: The processes described here are based on the claims and appeals processes set forth in the Patient Protection and Affordable Care Act and related regulations and guidance. As those regulations and guidance are subject to change, the claims and appeals processes for this plan are subject to change. The rules and/or procedures set forth in the most current claims and appeals regulations and guidance at the time your claim or appeal is processed will govern your claims and appeals, even if they conflict with the claims and appeals processes set forth herein.

Filing an Appeal

If you are not satisfied with any of the following:

- a benefit determination;
- a Medical Necessity determination;
- a determination of your eligibility to participate in the plan or health insurance coverage; or
- a decision to rescind your coverage (a rescission does not include a retroactive cancellation for failure to timely pay required premiums)

then you may file an appeal.

To submit an appeal electronically, go to Medical Mutual's Web site, www.MedMutual.com, under Members' section, complete all required fields and submit, or call the Customer Service telephone number on your identification card for

Appeal of a Claim Involving Urgent Care

- You, your authorized representative or your Provider may request an appeal of a Claim Involving Urgent care. The appeal does not need to be submitted in writing. External Review Process

Medical Mutual has established an external review process to examine coverage decisions under certain circumstances. The request for External Review must be made within four months from your receipt of the notice of denial from the internal mandatory appeal. You may be eligible to have a decision reviewed through the external review process if you meet the following criteria:

1. The adverse benefit determination involves medical judgment, as determined by the external reviewer, or a rescission of coverage;
2. You have exhausted the mandatory internal appeal process unless under applicable law you are not required to exhaust the internal appeal process (for example, when your claim is entitled to expedited external review or, if you do not receive a timely internal appeal decision);
3. You are or were covered under the plan at the time the service was requested or, in the case of retrospective review, were covered under the plan when the service was provided; and
4. You have provided all of the information and forms necessary to process the external review.

External Review will be conducted by Independent Review Organizations (IRO) accredited by a nationally recognized accrediting organization.You will not be required to pay for any part of the cost of the external review. All IROs act independently and impartially and are assigned to review your claim on a rotational basis or by another unbiased method of selection. The decision to use an IRO is not based in any manner on the likelihood that the IRO will support a denial of benefits.

Medical Mutual is required by law to provide to the independent review organization conducting the review, a copy of the records that are relevant to your medical Condition and the external review. The IRO will review the claim without being bound by any decisions or conclusions reached during the internal claim and appeal process.

External Review for Non-Urgent Care Claim Appeals

A request for an external review for a non-expedited or non-urgent claim must be in writing and should be addressed to Medical Mutual's Member Appeals Unit at the address listed above.

If your request for external review is complete and you are eligible for external review, an IRO will conduct the review. The IRO will notify you and give you ten business days to submit information for its consideration. The IRO will issue a written decision within 45 days after it receives the request for external review. This written decision will include the main reasons for the decision, including the rationale for the decision.The IRO's determination is binding except to the extent that other remedies may be available under State or Federal law to either Medical Mutual or you. If the IRO reverses the adverse benefit determination, Medical Mutual will provide coverage or payment for the claim.

Expedited External Review for Urgent Care Claim Appeals

A request for an external review for Urgent or Expedited claims may be requested orally or electronically or in writing and should be addressed to Medical Mutual's Member Appeals Unit. You may request an external review for Urgent or Expedited claims at the same time you request an expedited internal appeal of your claim.
